SPRING 2006

The Department of Foreign Languages and Literatures will offer a one-credit enhancement section in Italian. Students and language instructor will meet once a week to discuss, in the target language, Italian music, its meaning and role within Italian culture and the rest of the world. We will listen and analyze famous Italian operas and their libretti, *arias*, folkloristic and pop/rock songs. We will also have special features such as the AU Vocal Chamber Ensemble Spring performance (with duets in Italian), video recordings of La Tosca and pop concerts, and karaoke group projects.

NO TEXTBOOK, NO EXAM. Due to the nature of the course, a successful completion of the 1st-year sequence in Italian or equivalent experience is required. Contact the LAC Program Coordinator, Dr. Giovanna Summerfield (E-mail: summegi@auburn.edu; Phone: 334-844-6359), with questions about this course offering.
