

Connecting to AU_WiFi

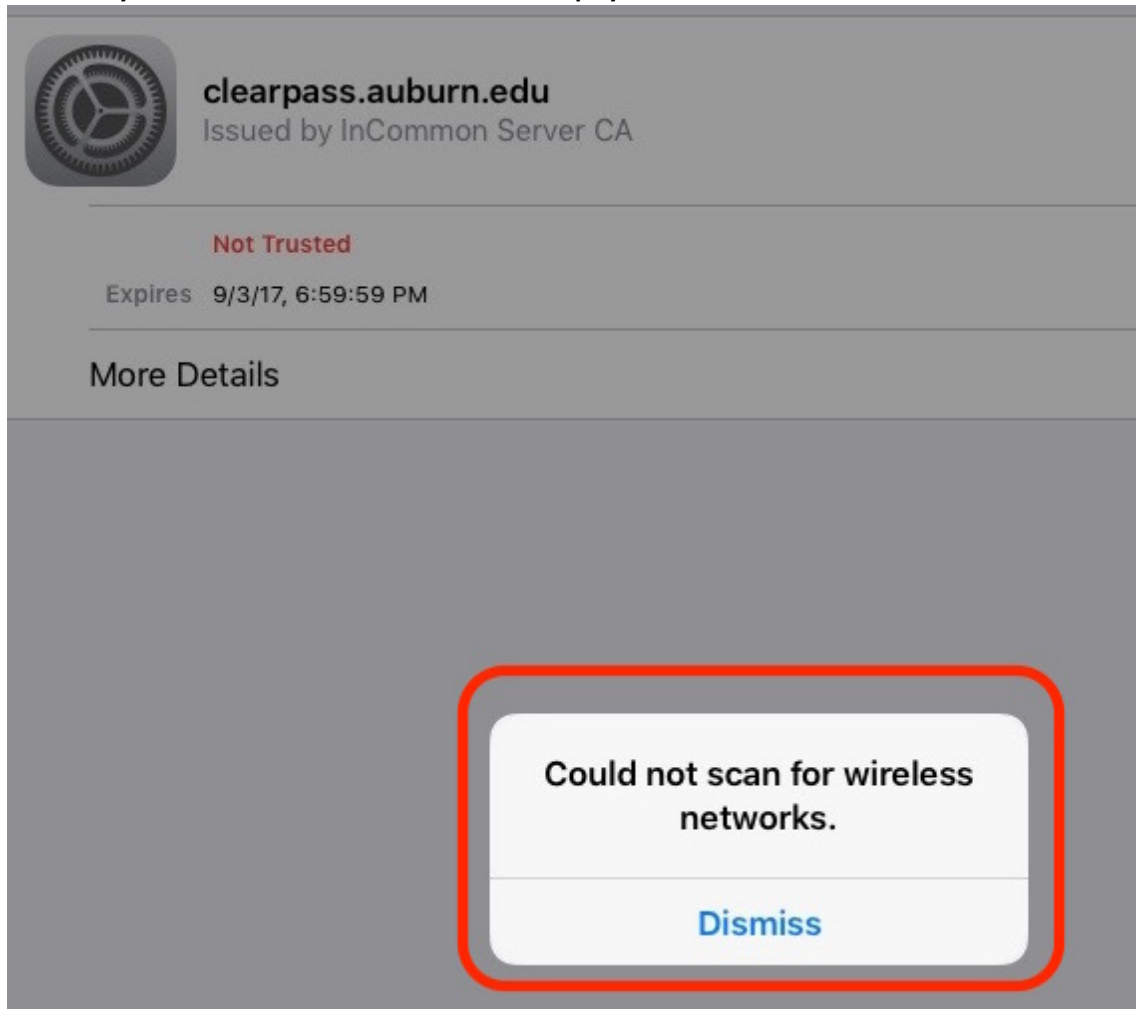

Go to Settings>Wi-Fi, turn on your Wi-Fi
Then to your right, select AU_WiFi.

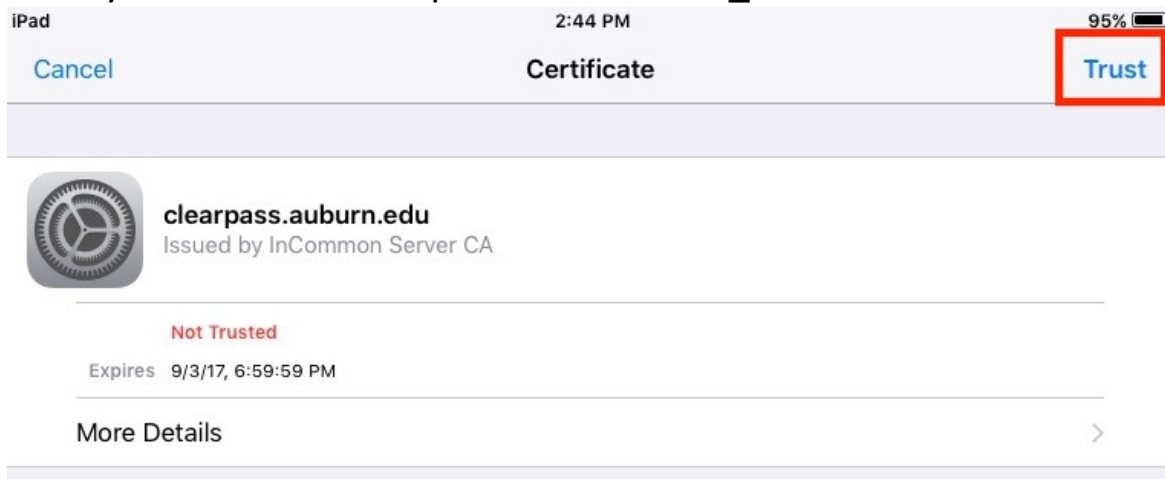

Next enter your username and password.

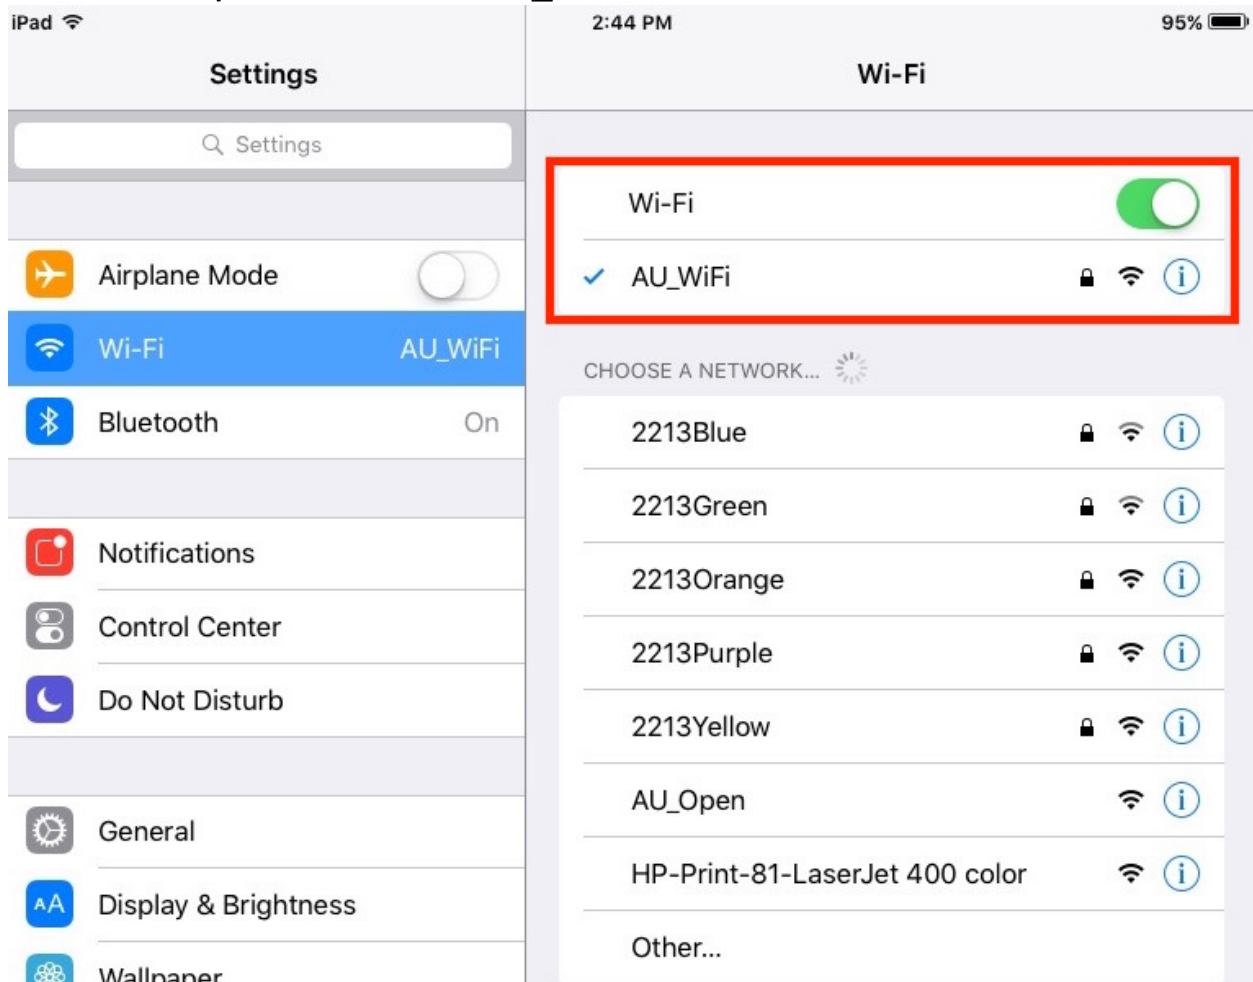

Often you will see this error. Simply click Dismiss.

Then you will have the option to Trust AU_WiFi.

It may take up to ten seconds for it to connect. When it is properly connected, you should see AU_WiFi with a checkmark:

You are now connected to AU_WiFi.
