Also, please describe or provide a link to program admissions policies that allow students to enter with credit for prior graduate work, and the expected implications for time to completion. Please indicate NA if not applicable:

26% of our PhD graduates in the past 10 years earned an MS or MA degree (with Thesis) from another institution prior to admission and used the thesis and previous coursework to fulfill some of our requirements. Those students tended to complete our program one year sooner (median 5 years) than other students (median 6 years). Relevant policies and procedures may be found here: <https://aub.ie/exemption>.

Auburn’s clinical program has one of the highest internship match rates in the country. According to a recent [report](#) by the Association of Psychology Postdoctoral and Internship Centers (APPIC), Auburn was one of only a handful of programs to have a 100% match rate between 2011-2023. This is well above the national average of 88% for clinical psychology PhD programs.
