Additional Notes

A Note About Letters of Recommendation.

- Once you have submitted your completed application with fee, recommendation letters sent electronically via the online system will be automatically associated with your application as soon as they are received
- Log in to the online application to check the status of your letters.

A Note About "Additional Forms" section of the Graduate School's Online Application.

- This section says that the linked forms “may be necessary to download, print and mail to the Graduate School Admissions office.” These forms (a Medical Form for all incoming students and, for international students only, a Statement of Finance and a Transfer-In form) play no role in the program's consideration of your application for admission.
- Do not submit any of them unless/until we offer you admission and you accept.

Additional Information

Procedure: After the Graduate School evaluates your credentials, they make them available to our department.

- Generally, our admissions committees begin meeting shortly after the deadline.
- Finalists may be invited to an open house or interview on campus or remotely.

- Offers of admission and alternate status for doctoral programs are usually made by March 31 or earlier.
- Offers of admission for doctoral programs must be accepted by **April 15** so that the status of alternates may be resolved shortly thereafter.

Official Transcripts: Official transcripts are not necessary for submitting application. If you are invited to interview, we will at that time contact you directly and ask you to provide official transcripts to the Graduate School as follows:

- **Electronic Transcripts:**
 - The Graduate School accepts electronic transcripts sent from domestic institutions.
 - Make sure your institution sends your electronic transcript to Auburn University GRADUATE Admissions.
 - Some institutions by default send electronic transcripts to Auburn's UNDERGRADUATE division, which will result in the transcript NOT being received by the Graduate School. That is why it is important to tell the issuing institution to send the electronic transcript specifically to “Auburn University GRADUATE Admissions” at "graduatetranscripts@auburn.edu".
 - *Applicants with previous coursework at Auburn University:*
 - Be sure to list Auburn University as a previous institution on the Graduate School's online application.
 - You do not have to order a transcript to be sent from Auburn University to the Auburn University Graduate School - the Graduate School will obtain your Auburn transcript directly from the Registrar.
- **Paper Transcripts** should be sent to:

Graduate School
106 Hargis Hall
Auburn University, AL 36849-5122
